RED WHITE & BLACK CANADA'S bull sale

Saturday, March 20, 2021 • 1:00 PM • Johnston Auction Mart, Moose Jaw, SK

welcome to the sale

The consignors want to extend a warm welcome to the 8th annual Red, White and Black Bull Sale.

We would like to personally thank the bidders and buyers from the 2020 And all the past sales and invite you to see the bulls in Moose Jaw. We've all learned new ways to continue working in the cattle industry during these unique past 12 months. Trading cattle online has become more important. That's why we are so proud to be working with Darnel and his team at First Class Marketing and Sarah and DV Auctions. You can trust their opinions and professionalism.

This year we as a group of breeders offer over 50 impressive from a variety of genetics. Each consignor has carefully chosen top quality bulls from their individual program. These are breeder quality bulls. Each consignor is happy to help you find what your looking for.

See you in March 20!

Sincerely

The Consignors of Canada's Red, White and Black Bull Sale

Ask your Hereford
 consignors if they participate
 in the Bull Lottery

welcome from First Class Cattle Marketing

Welcome to the 8th Annual Canada's Red, White and Black Bull Sale. It is with great honour that we are have once again be asked to work with this excellent set of consignors as well as the folks at Johnstone Auction Mart on this upcoming event. On offer once again will be roughly 50 bulls represented from 5 different beef breeds. There is a large selection of both yearling and two year old bulls this year. Here for your appraisal is a big number of those power, performance bulls that will add the extra pounds we are looking for in our calves at weaning time. Turn these bulls out with a large group of cows for a greater return on investment. These bulls are the right kind, sound, hairy, stout and functional. Also on offer will be a good selection of calving ease, heifer approved bulls. These bulls have been designed with calving ease in mind. They are low birthweight and are genetically superior in this department. Look to these bulls if you have groups of heifers or young cows to breed. All the bulls on offer at this years sale have been bred and fed to go out and work and are guaranteed 100%. I encourage you to visit with each individual consignors to discuss their offering and find the bull best suited to your needs.

Please plan on joining us March 20 in Moose Jaw for the 8th Annual Canada's Red, White and Black Bull Sale. The bulls will also be onsite in the days prior to the sale for viewing. If for any reason you are unable to attend, all of us at First Class Cattle Marketing will be very familiar with the offering. It will be our pleasure to assist you in a professional and confidential manner in the selection of your next herd sire. Sarah Buchanan with DV auctions will also be onsite if internet bidding is what you prefer. I hope to be able to visit with everyone in Moose Jaw and wish you all the best in 2021.

Sincerely,

Darnell Fornwald

• TWO YEAR OLD **HEREFORD** BULLS •

LONE PINE CATTLE SERVICES

Lone Pine Cattle Services is located in Vibank and is owned and operated by Rob and Dawn O'Connor. We breed about 100 purebred females annually. Our genetic program is made up by using a combination of herd bulls, artificial insemination and embryo transfers.

Our bulls are raised using a 13% ration and free choice hay. The yearlings spend the summer at a pasture about 15 miles from our farm.

Our calves are vaccinated in late spring with Vision 8 Somnus with SPUR and in autumn with Pyramid FP5 with Presponse.

Rob, Dawn, Lexie and Jessica O'Connor

This bull is one you will appreciate the longer you look at him. He is fault free and very eye appealing. His sire Tankeray was a Denver Champion and there is limited semen in Canada. His dam was the high seller in the Hereford Harvest Sale for Remi Mitchel.

This is a very deep bodied bull. He exhibits good muscle shape too. His sire has become our go to calving ease AI sire. I expect this bull will follow those foot steps.

Kirby-Lonepine Steel 44G

HMS HI-CLIFFE

HMS Hi-Cliffe, owned by Hunter, Morgan, Sydney, Brenda, and Carmen Millham. We are a small family ranch of 30 purebred Polled Herefords. We are passionate about raising quality cattle for the commercial and purebred industry.

The processing protocol: IBR, BVD, BRSV, Pasteurella, Haeamophilus, and Blackleg vaccines, endectocides and fly control are given in the spring and fall. Bulls feeding regime: Free choice hay supplemented with Masterfeed Propel and a vitamin/mineral mix.

We raise and breed our bulls for the pasture and commercial industry; fortunately, some are good enough for the show ring and purebred herds

HOMO POLLED Halmark is the most docile and friendly bull we have ever raised. He is a soft made bull that puts it all together. His full sister, Gloria 2G, was Morgan's show heifer last year and was a sale feature in last fall's production sale. His maternal sister, Felicity 2F, was on our show circuit in 2018-19 and won her class at Bonanza 2019. Halmark is a powerful homozygous polled bull with strong maternal traits.

HOMO POLLED Hannibal is the bull that immediately captures everyone's eye with his eye appeal, long body, and muscular structure. His top feature hangs between his hind legs as he is well endowed. Hannibal is that bull who will provide moderate calving ease and that performance to wean dollars in the fall.

• YEARLING HEREFORD BULLS •

LV FARMS

We would like to welcome you to another version of the Red, White & Black Bull Sale. As always, our bulls are guaranteed and can stay at our place until either you need them or June 1st. You are welcome to stop by the farm to view the bulls and their mothers. Don't hesitate to call should you have any questions/concerns or just want to talk cattle.

Dayle & Dixie Martinson

MORTENSON FARMS LTD.

Mortenson Farms Ltd. is a family owned and operated ranch near Nokomis, SK.

As commercial cow calf producers, we bring a unique mindset into the purebred seedstock production side. Our aim is to produce bulls that will add dollars to your bottom line; they will sire calves that have improved carcass traits, impressive ADG, as well as functional structure that will bring longevity to your herd.

The bulls will come to the sale fully vaccinated, treated with ivomec, semen tested, and magnet inserted. Please feel free to contact us at anytime, nothing we would like more than to talk cattle with you!

Lois & Barry Mortenson, Julie & Logan Mortenson, and Mallory & Adam Hendry

The mother of 1H is Julie's favourite cow due to her impressive length of body and natural thickness. Sired by Encore, who has been recognized as a certified Hereford beef sire by producing offspring with distinctly improved carcass traits, 1H has the genetic background to become the next herd sire at your ranch. Take him home and use him on your purebred Herefords to produce flashy show calves or use him on your commercial cows and watch as he adds dollars to your calf cheque in the fall with those heavy calves!

5% of the sale proceeds from 1H will be donated to the not for profit agriculture education program Classroom Cattle.

5H is the cowboys kind! Don't let his shortened tail turn you off, you'll want to see the length of body and natural muscling this bull has. Built like his sire the great Tahoe, 5H will sire calves that have the vigour and growth commercial cattlemen need as well as the look and size that feedlots and packers want. If we had room in our bull battery at Mortenson Farms Ltd, we would be keeping this one for our own use. Help yourself to a young herd sire here that will produce beefy calves!

A touch younger than the previous 3 bulls, but not lacking in size or structure. 15H is Tahoe sired and out of a good Crittenden cow. This is a bull I'd use on some larger framed cows in order to produce calves that have performance right from birth. Big footed and athletic, 15H is a powerful bull ready to sire offspring just like him.

125H is another big soggy made son of MLG Momentous, who is big topped, wide based and great headed. His S A V Resource dam is very moderately made with a tremendous udder. If you need a solid fault free kinda bull in your breeding program this guy will check the boxes.

Dam: Gold-Bar Heroine 102E

When you see this guy in person you'll be impressed by the performance he has but then take a look at his birthdate. This March calf is more than keeping up with everyone in the pen, he will add some pounds to any calf crop! This guy is actually out of the only red cow we own so he is a red carrier for anyone interested.

105H is one of the pen favorites for sure! He is very moderate in his frame but impressively stout. The girls have affectionately nick named him "The Stud" and if you get the chance to see him you'll know why, he just has that look and stance to him. We did halter break him with the plans of showing him. His dam has knocked it out of the park every single time with her calves. She possibly has the best udder on the farm and if you've seen the cow herd you know that's a pretty big statement! His sire, Brooking Firebrand needs no introduction to the breed, his progeny are sought after everytime! Expect big things from 105H!

A calving ease prospect here with a moderate birthweight. A small angus character head ties into smooth shoulders and his long body. Adequate performance with excellent post weaning gain. His dam is an excellent producer with her only female retained in herd and both her bulls making this sale. Square level udder with good feet and legs and big volume in his dam. He should produce excellent females. Halter broke and parentage verified.

This bull has come on tremendously over the summer and fall. Long bodied, big boned, deep and thick are probably some of his best qualities. But the best thing about him will be his mother and grandmother. Two of the best female makers in my opinion are Nug Royal Red and THSF Freedom. And 2H has both of them on his bottom side. Not to mention KS Bravado is no slouch in making females, either. Ideal hoof and leg structure along with tidy udder quality and small teats in both the dam and granddam will make him a female producer. Add in a quiet temperament, homozygous polled, halter broke and sire verified gives you a very high quality bull. And his picture does him no justice.

Dylan as I call him is probably my favorite bull of the pen. A disposition second to none, excellent hair, great foot and leg structure, volume, depth of body a square hip and straight back are just some of his qualities. His mother is an excellent producer, raising bulls at or near the top of the pen every year. She goes back to the first calf I ever registered, the Red Sundown bull, who left exceptional females. And the grandmother to the \$92,000 LaBatte Bentley. Unfortunately, she has yet to give me a heifer calf. Homozygous polled, sire verified and halterbroke.

I love everything about this bull, including the fact he has stood out from a very early age. By my go to for heifers Red Iron, he has added length, depth of body, straight level top, and a big hip while leaving an impression of overall smoothness. Bone, high growth and his puppy dog disposition will only add to his value as a sire. This is a bull I feel can do it all. Moderate birthweight with well above average weaning and yearling weights along with a very balanced EPD profile that is above average in every trait make him a sure bet. His first calf mother hit a grand slam homerun with this boy. She is a near ideal cow with moderate frame, moderate udder, easy fleshing and a beautiful black baldy haircoat. She is a bit of an outcross being out of a polled Extra 1A fullblood daughter. Homozygous polled, parentage verified and halter broke.

80H is the youngest bull in the offering but doesn't give anything up in terms of performance, disposition or quality. Dark red with black pigment and tremendous hair, along with a good foot, deep body and length. Smooth throughout, beautiful, quiet and friendly temperament with above average calving ease complete the package. Out of a young black 3 year old that did an awesome job. She is moderate framed with a tidy udder and a fertile easy keeping cow. He could just be the bull that will sire heavy weight feeder steers while having heifer calves that can be put back in the herd. Hetro polled, sire verified and halter broke.

• TERMS & CONDITIONS •

The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. First Class Cattle Marketing reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, First Class Cattle Marketing reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, First Class Cattle Marketing and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

BID Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK Each animal becomes the risk of the purchaser as soon as sold.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY The proper Registration of Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

SHIPPING Assistance will be given in making shipment after the sale, but Sale Management or Seller assumes no risk. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instruction when making settlement.

GUARANTEE All animals will carry standard breeding guarantee as specified by the applicable Canadian breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

HEALTH It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. First Class Cattle Marketing assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sale Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

FIRST CLASS CATTLE MARKETING LTD IS AGENT

ONLY It is clearly understood that First Class Cattle Marketing acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. First Class Cattle Marketing does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller. First Class Cattle Marketing Ltd has no ownership of the facility and assumes no responsibility for the operation of said facility.
