"Mike" is another one of those horses that you can use sparingly or everyday. He will give you the same effort every time even if it's only once a year. He is easy to ride. He leads, loads and stands good for the farrier. If you like bald faced horses, he will catch your eye and the Grullo colour is rare. He's one of a kind and a good one to boot. I've had him since he was a yearling and have used him lots on the ranch but not a lot of roping. Has been used in the branding pen but not for a couple years. Don't pass this guy by. If you do, you've let a good one slip through your hands.

"Cody" is a grade 15.2hh 14yr old sorrel paint gelding. This bald faced guy is amazing. Easy to ride and can be ridden by anyone. You can use him once a year or even once every 2 years and he'll do the job. He has a fast walk and can cover the ground but he's also quiet enough for kids. I have too many horses so some of the older ones need to go to homes that will use them for work or be for trail riding. He's done lots of ranch work but not a lot of roping. He has been used at brandings but not for quite awhile. He leads, loads and stands great for the farrier. This guy has eye appeal and disposition. His white patterns are unique and will catch your eye. I know you'll like him.

Cash is a solid 8-yr old gelding. Easy to catch and Farrier. Had 6 weeks in the feedlot 2 winters ago. Lots of speed. Would make a good ranch, heading, or barrel horse!

I'm selling my 3yr old miniature pony. He has been gelded and his name is Derby! He is halter broke and great with other animals. His parents were both registered and were broke to drive a wagon.
