BIG THANK YOU TO TEGAN HUBER & MEGAN LAMONTANGE. THEY HAVE DONE AN EXCEPTIONAL JOB OF MANAGING THE SK RANCH.

WELCOME

FROM ANDERSON CATTLE Welcome to the 12th Annual Anderson Cattle Bull sale, or the inaugural Anderson/KT Bull Sale. As you can see our program has undergone some changes this year with the merger of the Anderson Cattle and KT Ranches herds. We are very excited about the future with merging with KT Ranches and continue with 2 bull sales per year, one in Saskatchewan and one in BC.

With the changes, many things stay the same. The customer service, the people, the cattle are all the same, just under a new umbrella. We look forward to expanding on the quality and quantity of the bulls on offer each year. The breeding direction will remain focused on continuing to build a highly maternal cowherd, that is functional, fertile, good looking, easy doing and problem free. Our goals will still be to raise bulls that are geared toward the commercial cowman to make their operations as problem free and profitable as possible.

The bulls on offer this year are a tremendous group. The 2-year-olds are big, strong, athletic bulls ready to cover large numbers of females. The yearling group is one of the strongest groups we have ever had, led by a large group of Coleman Bravo sons as well as Anderson Highwood sons, to go along with the Nitro's, Pay Weight's, Equity, Colossal, Stone and even a couple of good old Motive sons. Each group of bulls, both the 2-year-old and yearlings have some power bulls, calving ease bulls and some that blend the two together. Rest assured all the bulls are backed by a sound, functional, good uddered mother.

We are very proud of the Commercial Cattlemen that we call customers and friends. We get to deal with some of the elite cowherds, and cattlemen in Western Canada and get to deliver bulls to some of the best ranches in the country. Free delivery is included with all bulls across Western Canada. We enjoy delivering your bulls, visiting, and seeing your ranches and cow herds. It seems every bull delivery trip you learn something new that contributes to us raising better cattle and having better bulls on offer for sale. Your success is our priority.

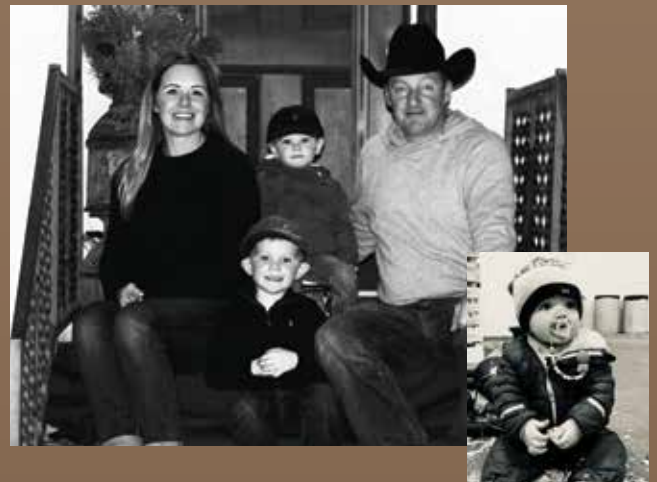

We try to eliminate every problem we can with structure, feet, birth weight, udders, temperament and performance. If a problem ever does arise, we stand behind these bulls and will do everything we can to fix it. We will again be offering our warranty program. This is a user-friendly option for additional protection on your investment. We don't anticipate problems with these bulls, but they are still bulls, anything can happen. If you do have a problem, we want to be the first to know. If a problem happens during the breeding season, we will have bulls ready to ensure we get your cows bred.

We could be more excited about the future of this program and would like to thank everyone that has shown interest and purchased bulls over the last 12 years and look forward to working with you in the future. If you have any questions please call or stop by the farm, we look forward to visiting with you.

		BW	WW	YW	Milk	SC	CE	MCE
87	692	+3.9	+51	+98	+27	-	-4.0	+0.0

Nitro 0119 is one of the really unique bulls in the 2 year old pen. Awesome look, big hipped, big topped, deep sided and hairy. His dam is from the Tibbie cow family, and is a maternal sister to the \$15,000 Motive event female that sold to Boss and a maternal sib to Tibbie 1028 a popular Highwood heifer we showed this year at Agribition. A bull with loads of power, and muscle along with maternal strength and Angus character.

2

ANDERSON ENHANCE 0061 2247950 | GEOFF 61H | JANUARY 27, 2020

		BW	WW	YW	Milk	SC	CE	MCE
83	755	+2.8	+56	+94	+20	-	+0.0	+3.0

Colossal 0151 is another, easy doing, big bodied bull that will add pounds, depth, and length of body without sacrificing any maternal traits. Colossal was a corner stone herd sire for many years and left us with a lot of good progeny, both bulls and females. A power packed bull from the Ruby cow family that has been responsible for many high sellers through this sale.

4

Act. BW	Act. WW	BW	WW	YW	Milk	SC	CE	MCE
84	820	+1.1	+54	+96	+27	-	+5.0	+6.0

0125 is a tremendous Pay Weight x Motive combo. A bull that is packed full of muscle, top, depth of body and is a good-looking dude. His dam is one of the 3 flush sisters that we hold in high regard. They are all big bodied, perfect uddered, good looking females that are awesome to look at. A highly maternal, soggy, stout bull that comes with the added bonus of calving ease built in. A bull that can be used in either pasture.

5

ANDERSON PAY WEIGHT 0127

Act. BW	Act. WW	BW	WW	YW	Milk	SC	CE	MCE
86	805	-	-	-	-	-	-	-

0127 is another high-quality Pay Weight son. Pay Weight did exactly what we had hoped in adding depth of body, muscle, and power without sacrificing any of our maternal traits. The Pay Weight females we have in production are all stamped the same. 0127 goes back to one of our very favorite cows in the herd. Ruby 1436 is a highly productive, perfect uddered female that has had many highlight bulls through the sale. An awesome looking, deep bodied, highly maternal bull.

Highwood 1017 is one of the most complete and exciting bulls we have ever sold. He is the first of the Highwood's. Highwood was one of the high selling bulls in the 10th Annual Bull Sale and is a bull we are extremely high on. Highwood sired a tremendous calf crop in his first effort, led by 1017. 1017 is a calving ease bull that still has a lot of look, body mass, shape and awesome hair. His O'Reilly Factor cow is a model Angus cow that is long, big bodied and good uddered. We don't have many O'Reilly Factor cows but the ones we do have are very high quality. 1017 has been a favorite at every stage of his life and will be an excellent calving ease option that will be highly maternal.

1018 is our leadoff Bravo son, and one that's also been a pen favorite from early on. We have always admired the Coleman program and the type of cattle they produce. Bravo was used heavily and did exactly what we were hoping. Easy calving, low birth, easy doing, highly maternal cattle. 1018 is a tanky, hairy, stout, deep bodied bull. He is a double-digit calving ease bull that is out of a big-time female. Calving ease, power and maternal blended into this one.

To be totally honest, I was hoping for a heifer on this mating but got a cool looking bull instead. 1108 is one of the more unique bulls to sell in the sale, he is super deep ribbed, long, stout and cool looking. A bull that's a bit outcross for us and one I think will leave some killer females.
