A Message from the Transcon Team

Welcome to the 46th annual Simmsational Simmental Sale...

Congratulations to the long time Simmental breeders that have been a part of this sale for numerous years. Also a big thank you to the most recent consignors who have opened up their herds and are bringing their very best to Moose Jaw... Brooksland Farms.. Corner Stone Cattle Co...First Class Cattle Co...Flying W Stock Farm... Keet Simmentals...Kindred Spirit Cattle Co....and Longview Cattle Co.

This is a great mix of livestock breeders and an exceptional set of cattle on offer. The offering will have a great mix of fullbloods and red and black purebreds for you to select from. This powerful set of bred heifers are second to none. Females that are a great representation of the Simmental breed. Females that could very well be herd builders and foundation genetics in the industry.

The select group of open heifers is equally as powerful and exciting and will definitely have their place in the industry as they mature into momma cows. Whether it's a powerful bred heifer or a fancy open heifer you are searching for, Simmsational 2023 has it. The quality runs high in the offering and these cattle are right for the times and right for the industry moving forward.

I believe the best STOCK to have in todays market place is LIVESTOCK!!! On behalf of the team at Transcon and the group of consignors,we invite you to Moose Jaw on Thursday, December 7th and be a part of Simmsational 2023.

Looking forward to seeing everyone on the 7th!

Darren

Welcome to Simmsational 2023 at Johnstone Auction Mart, Moose Jaw, SK on Thursday December 7th. This is the 46th edition of Simmsational, maybe the longest running consignment sale going. We've never missed a sale right from attending the first one. That kind of dates my age, but still very interested and enthusiastic about this great breed. We've seen many changes in our breed over the years and all for the better. We are so lucky to have such great young breeders moving this breed forward with keeping the commercial industry in mind while producing performance and maternal values in these cattle. The commercial industry prices are at an all-time high and I think there are several good years ahead with the cattle numbers as low as they are. Now is the time to add good genetics to your herd both females and herd bulls.

We are offering 8 bred heifers in this year's sale. Five outstanding fullbloods, three being polled, all bred in April to calving ease homo polled Fleck bulls. There's a lot of opportunity in this group. Two really good homo polled red heifers bred WLB Top Tier, the popular baldy, calving ease sensation and a really broody homo polled, homo black Caliber daughter. All these heifers have April AI dates and no exposures. They all had their first shot of Scour Bos 4.

Come join us at Johnstone Auction Mart on Thursday, December 7th for the 46th edition of Simmsational. Come the night before and enjoy some fun and hospitality. There are several new consignors this year bringing some excellent cattle, welcome to this great sale.

From all of us at Labatte Simmentals, we wish you a very Merry Christmas and a Happy New Year, filled with good health, prosperity, and happiness. Our family is all doing well, with all the grand kids keeping busy and making Grandma and Grandpa proud.

All the best,

Homo Polled Fleck Fullblood.

A feature homo polled Canon Daughter out of a really good Dakota cow going back to Anchor D Viper. This heifer has performance built in with her rating 1/47 for weaning weight ratio. She's got frame, depth and is broody. She'll produce bull calves all day long. She's dark red, has goggles and looks to be setting a good udder, her EPD profile is really good also ranking near the top 9 of the 13 EPD traits. She's bred early to the homo polled calving ease Fleck bull, KSL PLD Jesse James. He'll add the calving ease and 201K will add the performance. The resulting homo polled calf should have loads of potential whether a bull or heifer.

Bred April 18th to
KSL PLD JESSE JAMES 49J (CSA #1381057)
No Exposure.

Lot 2

Polled Fleck Fullblood.

A beautiful polled Elevation daughter out of the Zora cow family. Her picture says it all, dark cherry red, deep, angular, and broody. This is one to start a program around. These Elevation females are making great mother cows, great udders, doability, color and presence. Her polled calf should be a dandy. Bred again to the homo polled, Fleck bull Jesse James.

Bred April 15th to
KSL PLD JESSE JAMES 49J (CSA #1381057)
No Exposure.

KSL PLD JESSE JAMES 49J

Lot 3

Fleck Fullblood.

A mother cow in the making. These French Attack daughters are simply awesome. This heifer has brood cow written all over her. I wouldn't be scared to send her anywhere, sight unseen. That's how high I am on her. She's dark red, angular, thick, and setting down a beautiful udder. Her picture doesn't do her justice, take it from me she's awesome. Bred to the homo polled KSL Honky Tonk bull should result in a very exciting calf.

Bred April 19th to

Polled Fleck Fullblood. A smooth polled Canon daughter that we're testing for homo polled, will have the results by sale day. She is out of a good cow we purchased from the good people at Johnson Ranching. She was one of the high sellers in the bred heifer division at the Camrose Country Classic sale. 960G has a really good Southseven Adonis calf in the bull pen that will be one of our features in our Spring Bull Sale and he, too, is polled. There's a lot of opportunity in this dark red, goggled eyed Canon daughter.

Lot 5

Bred April 29th to KSL PLD JESSE JAMES 49J (CSA #1381057). No Exposure.

Homo Polled Homo Black Purebred. One of the first RF Caliber daughters to sell as a bred heifer and she is a beauty. So deep and broody, a matron in the making. Her mother is an awesome uddered Heavy Hitter daughter we purchased from Mader Ranches as a bred heifer. This 3K daughter is just like her and maybe even better. Caliber is establishing quite a name for himself in the show ring and the sale ring. Just recently at the Immortal show at Stettler, AB, an all-breed show, Simmental swept the champions in both the heifer calf champion and bull calf champion, both RF Caliber's. This heifer has a lot of future in her and bred to the exclusive bull, CMS Sochi 307A, a dominate sire at R Plus Simmentals, he produced their high selling bull calf at their dispersal. This mating should be very exciting and she's homo polled and homo black as an added bonus.

Lot 6

Bred April 17th to CMS SOCHI 307A (CSA #793067), No Exposure.

Red Homo Polled Purebred. A beautiful made Dillinger daughter who is double bred to the Pocahontas cow family. Her sire, Dillinger 80B is out of the great Pocahontas 2Y cow and her grandmother on the bottom side is a full sister to 2Y's mother, Pocahontas 52N. This was Brodyn's 4-H heifer this year, this being his last year in 4-H gave us the opportunity to sell this fancy made, broody, showy heifer. Mated to Top Tier, the popular baldy calving ease sire should add value to her calf. She'd make an awesome 2 yr old show project. 69K is homo polled.

Lot 7

Bred April 30th to WLB Top Tier 45G (CSA #1288193), No Exposure.

Red Homo Polled Purebred. This is Hayley's heifer – a powerful homo polled Potent daughter that ranked 2/47 for weaning in her contemporary group. To show you the depth of quality in our group we're selling #1 & #2 high indexing weaning weight heifers, and they are both powerful. The kind that can raise those top end bull calves. This heifer goes back to the old Noremac cow family – the matron being LCL Miss Noremac 16M, a cow way ahead of her time. She was a brood cow, deep, thick, and angular. She was at one show – Canadian Western Agribition where she was shown with a bull calf at her side. She went on to be named reserve grand champion of the show. 171K has many of her mother attributes, her thickness, power and look. A first-class heifer.

Bred April 18th to WLB Top Tier 45G (CSA #1288193), No Exposure.

Lot 8

PERKS POTENT 309H
Sire of Lot 8

A big part of the future in our Fullblood Program. The \$165,000, JNR BARBARIAN and his sire, JNR BALDWIN.

Kindred Spirit

Kindred Spirit Cattle Welcome's you to Simmsational 2023. We are extremely excited to join this excellent group of breeders. We breed 100% Fleckvieh and Fullblood Simmental with a focus on producing performance driven, polled cattle. These females that we have to offer are right at the top of our pen. They are backed by powerfull Fleckvieh cow families and the top genetics in our program. We use a combination of walking herd bulls, AI from top bulls in the industry and embryo transfer. We have 9 heifers on offer; 3 horned, 4 heterozygous polled and 2 homozygous polled. We think they will fit in well with many programs. Most of them are bred to Anchor D Fabulous 245H who is a dark red, polled Radioactive son that we are extremely happy with.

We'd like to thank all of our buyers, bidders and those who have expressed interest in our program over the years. Don't hesitate to reach out prior to sale day to chat or set up a viewing of the heifers. We welcome you to come by the ranch anytime to view the heifers. We are located 1 mile North of the junction between Highway 11 and 54, just Northwest of Lumsden, SK. We look forward to chatting with you.

Brian cell: 306-638-6878 Rob cell: 306-536-4937

100% Fleckvieh. Homo Polled.

Kenzy is without question the best calf to come out of this flush between Rugged R Bellagio and Iona who also raised our high selling bull back in 2021, Kindred Spirit Helios. Her flushmates have sold well, and we've retained a homo polled sister who is right at the top of our program. Kenzy comes with a complete package of power, colour, tons of eye appeal and she's homo polled. She's a deep bodied heifer with a great disposition; very quiet. This is the last opportunity to purchase from this flush and the last Iona daughter that will be on offer. Kenzy is AI'd to Ezana, which will be an excellent pairing of colour, style and a 50% chance at being homozygous polled.

**AI'd to Kindred Spirit Ezana 1C March 28.
Exposed to Anchor D Fabulous 245H April 1- June 10.
Preg checked Safe to AI.**

100% Fleckvieh. Hetero Polled.

Kazzie possesses a great pedigree that offers lots of performance. She's an ET from a flush between "Razzie" and Grinalta's Ultra. "Razzie" was a major producer in our program and the dam to Kindred Spirit Ezana who was an outstanding walking bull. We've retained many Ultra daughter's over the years as they are typically powerful and very stout. Kazzie may not have the pigment, but she has the potential to raise some solid calves.

Lot 10

**Exposed to Anchor D Fabulous 245H March 26 - June 10.
Observed bred March 27. In vet's opinion, caught on the next cycle**

100% Fleckvieh. Hetero Polled.

Kitty is a smooth polled heifer that has been a pasture favourite and just keeps getting better each day. She's the only 'Fabulous' daughter in the sale as we eased him into our breeding program, but there is no question his calves are outstanding. Her dam is a great Anchor D cow with a perfect udder and has been a fantastic addition to our herd. Kitty is bred to Kindred Spirit Knight 19K, who is a calving ease, homo polled Fairview Philosophy 99E son. What a bonus it would be if the calf is homozygous polled!

Exposed to Kindred Spirit Knight 19K April 16 -May 23. Observed bred April 16. Preg checked safe to observed breeding.

100% Fleckvieh. Hetero Polled.

Kelpie is a prototypical Ezana daughter. They are typically more moderate framed with great hair, pigment, flawless udders and tremendous dispositions. Her dam is a homozygous polled Fairview Philosophy daughter, who has done an excellent job on her first calf here. She's bred to Anchor D Fabulous 245H. His bull calves are the top of the pen this year and this pairing should be an excellent match up.

Exposed to Anchor D Fabulous 245H April 1 – June 10.
Observed bred April 1. In vet's opinion, caught on the next cycle.

100% Fleckvieh.

Kleos is a stout made, broody female, with great hair and pigment and is another example of how Ezana's heifers just don't miss. Her dam is from our donor program and backed by our foundation cow family. Two daughter's out of Helga were our high sellers last year and a full sister to Kleos was retained for our own herd. She's bred to Anchor D Fabulous 245H, which should give a heavily pigmented calf.

100% Fleckvieh. This really is an excellent combo! Glasgow, truly makes outstanding, broody females time and time again and Kenna is another great example. She is a very well balanced animal, with great structure, colour and power. Her dam has been a no miss cow, with outstanding maternal and has made some excellent females who have sold well over the years. Again, bred to Anchor D Fabulous 245H, which we think will be an exciting pairing.

100% Fleckvieh.

Kindle is a solid example of Glasgow's consistency. She has lots of pigment, hair and good structure. Her dam is a well-balanced, broody female, with lots of style. Kindle should develop into an excellent producer; the Glasgow daughter's always do. Bred to our smooth polled, heavily pigmented Anchor D Fabulous 245H.

Lot 15

Exposed to Anchor D Fabulous 245H April 18 – June 10.
Preg checked June 29th safe to 50 days.

Lot 16

100% Fleckvieh. Homo Polled.

Expect good things to come your way when you purchase this outstanding female. Karma, is a well-made, homo polled Ezana daughter with loads of potential. Her dam is an excellent young cow, who has made only females. We've retained all of Danu's daughters, so we thought we'd spread some good Karma and offer this fantastic heifer. She's bred to Anchor D Fabulous 245H with another shot at a homo polled calf.

Exposed to Anchor D Fabulous 245H April 14 – June 10.
Observed bred April 14.

Preg checked safe to observed breeding.

100% Fleckvieh. Hetero Polled. We are extremely excited to offer this heifer for sale. She's smooth polled, thick and stylish. Her pedigree is outstanding and backed by great cow families on both the paternal and maternal side. Her grand dam, Helga 3E, was our first ever foundation cow so kind of special. Her dam has raised outstanding bulls that have ended up in purebred breeding programs and her flush calves have been high sellers. She is sired by Kindred Spirit Helios, who was purchased by Aumack Simmentals. Kelt is loaded with potential and will be an excellent addition to any program.

Kindred Spirit Helga 29Z - Dam of Lot 17

Keet Simmentals

Welcome to Transcon's 46th Annual Simmsational Sale!

It has been 11 years since I brought any heifers to Moose Jaw and we're excited to be back. Our focus has been on breeding good quality, polled, 100% Fleckvieh fullbloods. We're bringing 5 polled heifers, all are bred to Clearwater HP Knox 61K. Our homozygous polled Anchor D Viper/ WJS Erika son.

If you have any questions about our sale heifers or any of our cattle, please give us a call!

Brett Tel: 306-229-3051

Brett, Naomi & Nathan Keet

Lot 18

100% Fleckvieh. Polled. Non Diluter.

Keet's Juggi 52J is one of very few polled BLCC Mr Juggernaut 371A daughters. She is the maternal sister to our high selling bred heifer from last year's Fleckvieh Equation Sale, going to Pheasantdale Cattle Company. From birth Juggi was destined to stay in our herd, but we wanted to bring something special to our first Simmsational Sale in 11 years.

Exposed to Clearwater HP Knox 61K March 18th to May 29th.

Observed bred April 9th.

Ultrasound safe to observed breeding date.

Brooksland Farms

We want to thank the Transcon team for having us be apart of this years simmsational sale.

This is a sale we have always admired, we are proud to be able to bring one to town! Brooksland consists of Tyler, Jen, Emma and Margaret Brooks. We have a small but mighty herd of 30 Simmental cows in Wolseley Sk. We make sure to focus on quality vs quantity and the heifer we have on offer is our ideal type, out of one of our favourite cows!

Many thanks
 The Brooks Family
 Tyler, Jen, Emma and Margaret Brooks

 Jen cell: 519-757-6825

Lot 23

Who doesn't love a cherry red Walk The Line daughter? We had a lot of debate about bringing this one to town, but we wanted to bring our very best. 313L is a stout, sound, eye appealing heifer who we believe will go on and have a huge impact in her new owner's herd! Not only is she easy on the eyes, but she also has a phenomenal pedigree behind her. Lainey's Dam is a cow we bought from the Springcreek dispersal last year and is a picture-perfect female that has great maternal instincts, no doubt so will her daughter. Lainey's sire needs no introduction, Mader Walk The Line, his offspring have been hot sellers this year, here is your chance to own one for yourself!

The Estate X Missile combination has been our most exciting and consistent mating over the last two years, producing high capacity, stylish offspring with huge maternal upside. X-T Blk Lainey 10L herself is a real stunner that has to be seen to be appreciated. The overall mass of this young lady while maintaining an eye appealing look is really something. She comes by this honestly as her full sister X-T Black Kallie 5K was chosen to be our display heifer last year, being named all breeds heifer calf champion at the Swift Current pen show and then our lead off bred for the champion pen of three at this years pen show.

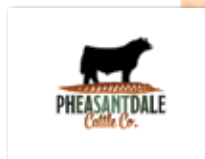

Bid with confidence, we feel the potential for Lainey is extremely high!

Pheasantdale Cattle Company

On behalf of our family at Pheasantdale Cattle Company we welcome you all to Transcon's 45th Annual Simmsational Sale.

As times change in our breed one thing that remains the same is the commitment from the breeders and the quality of Simmental cattle in Moose Jaw. Here at Pheasantdale Cattle Company, we put a lot of effort in building a program with a continued vision & solid foundation that our customers can rely on not only once but for years to come. We have developed an outstanding set of females with longevity in mind to go out and work for you, our Customers. We hope you join us Thursday December 7, 2023 for lunch, refreshments and socializing. If you are unable to attend sale day, the staff at Transcon Livestock are familiar with the females we are offering and will be able to assist you with your selections. We wish you all the best for 2024!

HOMO POLLED BY PEDIGREE.

When deciding to showcase females this fall, we couldn't leave Lady Epic out of the offering, obviously we're having a hard time parting with her. All we have ever wanted was to make a high-quality female that will look great in the show ring all while still being functional in the donor pen, 10K is that female. Lady Epic is a long-necked female who transitions into an extremely powerful rib shape, wide pin set, and carries herself nicely onto sturdy legs and feet. Her dam Erixon Lady 49E is a female we purchased out of the Border City sale in 2018, she's a broody easy fleshing female that is extremely attractive in her skeleton. We truly feel 10K has a bright future as a donor female for any herd and can't wait to see her full potential. Lady Epic will be show cased in Brandon at AgEx and in Regina at Agribition.

HOMO POLLED. If you're looking for an extremely broody, stout made female who would make the perfect donor phenotypically then look no further than 151K. Lady Freedom is extremely fluid with her movement when in motion. We feel that if you placed Lady Epic and Lady Freedom in the donor pen you would have a tough time deciding which female to flush first. 151K's dam is a farm favourite being super deep bodied with a wide top and picture-perfect udder all wrapped up into a beautifully moderate made female. Lady Freedom has a full sibling in our replacement heifer pen as she is shaping up to be better than her sister. Lady Freedom is genetically stacked with names like WFL Westcott 24C, WFL Sweet Lucious 1044X, Springcreek Lotto 52Y and our great donor cow Blacksand Fearless 5A on the top and bottom sides.

SERVICED BY: Springcreek Maverick 48H on April 7, 2023. SAFE TO AI

HOMO POLLED

Lady G is the sweetest W/C Bankroll 811D granddaughter you'll ever meet. She is a female that is extremely docile and gentle in her nature along with having a pretty skull that ties neatly into a smooth shoulder, wide topline and great depth within her middle. Lady G is a non-diluter being a red female out of 2 black parents. Her dam is moderate made female with the perfect udder.

HOMO POLLED, HOMO BLACK

Lady Anarchy is extremely feminine in her skeleton as her neat skull ties nicely into a smooth shoulder and bold rib cage, all while having great depth through her barrel and being very long bodied. Her dam is a medium framed long bodied female with a great udder. 143K is the first Mader Son of Anarchy 144H female to be offered from our program and may be the only one as we love the style and makeup of these females.

Coulee Crossing Cattle Co.

Welcome to Simmsational. This year has been challenging to say the least. January started out with beautiful temperatures and on into March when winter decided to come visit with a vengeance. Lack of rain and hot, dry, windy weather for the summer made gathering up feed a challenge.

My cow herd is built around low input females as evidenced by the bloom on the bred heifers and the heifer calf in the sale. They had only been on feed for 6 weeks before pictures were taken. Heifers are available for viewing anytime.

See you soon,
Sandra

East Poplar Simmentals

Welcome to another year of the annual Simmsational sale. This is our 11th year consigning to the sale, and we are always excited to be a part of the sale and to work with a great set of Simmental breeders.

This year we are consigning 3 bred heifers from the top of our pen ensuring you can be certain that they will be productive and useful in your operation. They are backed by powerful cow families we are confident in, and we are excited for their futures.

If you have any questions about our offering, please do not hesitate to give us a call. We look forward to seeing and visiting with everyone in Moose Jaw.

Kyron cell: 306-267-7530

Kyron, Kelsey
Embrie & Eva Manske

Lot 33

Homo Polled by parentage.

We always bring our best heifers out to Simmsational and this daughter of our Brittany donor cow is no exception. She is a stylish female with a real presence about her. She is structurally correct and wedge shaped with great depth of body. Coming out of the Brittany cow and Betts she is sure to drop a beautiful udder. Buy with confidence here, this is one that hurts to watch go but we are excited to see what she will do for her new owner.

Bred to SPRINGCREEK MAVERICK 48H on April 6th,
No exposure.

If you want to talk about cow families this is one who stacks a few powerful ones into her pedigree. Her dam is a beautifully uddered daughter of the great 68M cow who has made a big impact on the Labatte program and sold many high sellers throughout the years. We feel this cross with Lieutenant has a lot of potential. A full sister sold to Triangle Stock Farm in the 2021 Simmsational sale.

Bred to SPRINGCREEK MAVERICK 48H on April 6th, No Exposure.

Corner Stone Cattle Co.

Welcome to the annual Simmsational fall female sale event! We are extremely grateful for the opportunity to consign to this prestigious Simmental event. This is an excellent time to be in the cattle business as our commercial customers reap the rewards for all their hard work in the cow calf business. Our hats are off to you!

Our philosophy has been to develop females that are functional, easy keeping, docile, good uddered and most importantly productive. We offer to you this fall, in our first ever consignment to this event, the strongest set of females to ever wear the CSC tattoo. We opened the gate to Darren Paget this summer to select the very best we had and we are proud to offer these females for sale. Whether you want to hang a halter on them next summer and promote the exciting mating they are carrying or add a new donor to the flush program, we think there is one in here to suit your needs.

Feel free to contact us to discuss our offering anytime. We wish you all the best in your business this fall and also a happy holiday season which is quickly approaching.

Dark red foundation female here! We purchased a group of recips a couple years back after having sampled a batch of embryos from KAG 840F. This female is the result of one of those pregnancies. She is the most complete female that we have ever had the privilage of raising. She is stout made with a big sweeping rib shape, a ton of middle with a nice wide top and very tidy front third. She is setting down a picture-perfect udder and possesses that little tick of extra frame we feel the simmental breed is embracing. This female is one of those that should never leave the yard but this is the type of individual we strive to produce for our seedstock friends.

She is safe to Wheatland Next Century for a January 13 calf.

Another cherry red female from KAG 840F. This is our second batch of Connected sired calves from 840F and not one has disappointed! 11K comes to you with a moderate frame, and a tidy front end with great neck extension. She is long spined, thick made and will have an excellent udder. Her red blaze faced full sister has just weaned off an exciting bull and is entering the donor pen. The investment we made in Connected is sure paying dividends around the breed. These females have near flawless udders, tons of milk and are the easy keeping kind. 11K has predictability and profitability bred into her.

She is safe to Wheatland Next Century for a February 4 calf.

Felicity is a great brood cow in the making. This female is again stout made, good muscled and huge middled. Her mother is in the donor pen and being flushed right now. 13K is a daughter of ZSL Tillman 127H, a red blaze Game Face son we partnered on a few years back. This heifer is designed for performance and will excel in both the red and black gene pool. Her EPD profile is performance based and maternally sound. She was exposed after checking back to her AI date and was then covered in a field which had 3 bulls. Those three bulls are full flush mates to 11K, 17K and 57L. Needless to say we will pay for the DNA testing for parent verification, any one of these three matings cut right into the heart of our program. Buy with confidence. She is safe to exposure for a March 5 calving date.

We are offering this heifer for sale only due to the fact that we have retained her full brother as our herd sire. This heifer is screaming for a trip to the show ring, then into the donor pen. Thick made, long bodied and deep sided. Her Riddler Donor dam gave us 5 different matings last year clicking nicely on all 5. Heifers like this don't come along every day and we have taken the guess work out of her to this point with numerous successful half siblings standing in the yard in both the heifer and bull pens. She is again right off of the top leading the way in the red group. Great opportunity here folks!

Poker Face out of FBL Tara 188D. These Poker Face females are sought after and the only time they seem to come available is at someones herd dispersal. Rarely and I mean very rarely do you see a Poker Face daughter for sale at this age. The opportunity to own this heifer comes only because we have her full snipe faced brother standing in our bull pen. Much like the case with the 57L female, you will see this combination of genetics in our pedigrees down the road. This is one Darren had to have the second he seen her and it is with reluctance we offer her for sale. She is the golden jewel of our black production to date. Fancy, well made and mild mannered, just a treat to have raised. With that royal blood she is destined to become a difference maker in any progressive program. We aren't ones to hit the show circuit and in the right operation this little lady could get awfully used to the winner circle before settling in to her foundation female destiny. Corner Stone Cattle reserves the right to one IVF flush on this female to be completed by May 20, 2025.

Triangle 33 Simmentals

Welcome to the 46th Annual Simmsational.

What a great fall it has been for the cattle industry and lets hope it keeps carrying on for years to come. Both females we are showcasing this year are from cow families that we have many relatives working in our herd right now.

As always, feel free to call us, or stop by the farm before the sale to see these two great females.

Austin cell: 306-731-7895

Matthew cell: 306-550-8301

Lot 44

20K is the type of female that is going to go out and get the job done raising a quality calf year after year. She is a real smooth bodied, moderate framed heifer. The impressive body style of these females keeps carrying through on each generation. We have two more Hannibal daughters to calve this January and can't wait to see them working with calves at side. 20K is setting up a perfect udder and will maintain that for years as all the other related females in our herd have impeccable udders. She is bred to our new heifer bull Circle G Keon, a low birthweight high performing black blaze faced bull.

Exposed to Circle G Keon 11K from March 30-May 28. Observed bred April 3, preg checked safe to that date.

23L is an outstanding heifer. Very smooth front shouldered and a great feminine look, she walks as if she's a princess. The perfect blaze face trait will be passed down for sure as her dam and grandma are both full blaze face cows. We are very pleased with all of the other mountain view heifers/bulls we have in the yard this fall, they look great and cant wait to see them in production. 23L comes from a great cow family as her dam, grandma, and great grandma are all still working in the herd today, with 157D being one of the very first females we purchased. Open.

SRK 34L is one of the very first daughters of the \$108,000 Ty-D's Elegance 25H, who stirred up a lot of attention in the fall of 2021 as a bred. She pulled a tonne of banners in her show career and is now proving herself as a donor. Here is your chance at a solid black version of 25H sired by the \$317,000 Wheatland Man O' War. Whether you're looking to hang a halter on her and take her out, or looking for a future donor (or both) she will work for you! She is soggy middled and soft footed all tied together with a feminine front. Don't miss out on this exceptional heifer!

Timm Cattle Co.

On behalf of Timm Cattle Co. we would like to welcome everyone to the 46th Annual Simmsational Sale. This is our second-year consigning, and we are once again excited to consign along with such a great group of Simmental breeders.

The two females we have on offer this year are a strong example of what we strive for; easy doing, structurally sound cattle. We are confident that these two females will go out and work for any operation!

Please do not hesitate to reach out to either Darrel or Jenna with any questions. We look forward to seeing everyone in Moose Jaw on December 7th.

Darrel 306-864-7322

Jenna 306-864-7944

Darrel, Jenna, Ava & Jace Timm

Lot 50

TCC Miss Red Riot 21K has been a favorite since the beginning, especially for Ava as this was her 4-H heifer. She is a hard one to let go but we are firm believers in bringing our best to town. She is easy doing, structurally sound and is going to have a great udder. Her mom 55C is one of our top producing cows that has raised some of the most easy doing bulls that have risen to the top of our private treaty pen.

Miss Red Riot is bred early to the high performing Epic sire. Her impressive pedigree and EPD's are not to be missed. We feel that she is a great female to build around and one to surely not be overlooked on sale day!

A.I Bred to WS Epic E152 on April 1st. Safe. No exposure.

Flying W Kayla is a heifer who should not be leaving the farm this fall and is going to be hard to part with as she checks all the boxes for us. Kayla is a heifer who is already setting up a picture perfect udder just like the rest of her half sisters do and the udders are consistent of the females that are sired by MRL Boa 204F who has done a lot for our cow herd in his short time with us. Kayla is a heifer who is deep bodied, easy fleshing, with lots of extra length and bringing it all together with a real eye catching look. She is bred early to our LCDR Favor 149F son that we purchased at the R-Plus dispersal sale last fall.

Flying W Layla is a heifer sired by our own son of MRL Missile 138C, FWSF NEW ERA 4G who has left his mark in our herd. Layla is definitely a heifer that ranks at the top of his daughters and thought we would give someone the opportunity to own her. She is a very attractive and well balanced female who has tons of muscle dimension that is gonna give her the ability to raise those big stout bull calves. She is sure to produce, as her grand dam has 4 daughters retained in herd.

First Class Cattle Co.

We are very excited to a part of the 2023 edition of the mighty Simmsational sale. After 46 years it appears that this great event will stand the test of time! Thank you to Transcon Livestock for having us involved this year.

Along with our partners we have 2 incredible polled Full Fleckvieh heifers on offer. These two females are both exceptional in their own right, we believe in only selling females that we would purchase ourselves and these two would be marked very high by us at any sale. Please give myself, Jon or Tyson a call to discuss the heifers with you. See you at the sale!

If I was to describe Adora 3L in one word it would be Power. She is a daughter of the great Double Bar D Adora who is a past high seller at Double Bar D Farms fall female sale. She has gone on to being a true matron of the breed. This polled daughter by Manchester is the most powerful polled full fleck heifer that we have ever seen. She is long bodied, big hiped, big volume, huge topped and deep middled. She walks a top a big foot and moves with ease in her joints. This calf has as much donor potential as any female we have ever seen at this age.

Full Fleckvieh, Homo Polled test pending

Terms & Conditions

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES – Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE – Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS – There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS – All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN – Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.
