

TRANSCON'S 48th Annual
SIMMSATIONAL
SIMMENTAL SALE

FULLBLOOD, RED & BLACK SIMMENTAL FEMALES

THURSDAY, DECEMBER 11, 2025
1 PM CST - JOHNSTONE AUCTION MART,
MOOSE JAW, SASKATCHEWAN

Welcome to the 48th Simmsational Sale

Welcome to the 48th Annual Simmsational sale. What a great time to be in the cattle business. With the record high prices, we are seeing the \$\$\$ values being put both on Purebred cattle and Commercial Livestock has to be exciting times for producers.

Congratulations to the long-time breeding establishments that have been part of this great sale for numerous years. Once again, we have a few new breeding operations that will be cosigning to the 48th Annual Simmsational sale. The quality of cattle runs very deep from front cover to back cover.

The set of bred heifers is powerful and second to none. Females that represent the Simmental breed very well. Females that have the capability of being herd builders and foundation genetics in the Simmental industry, now and in the future. The select group of fancy open heifer calves is equally impressive and well, definitely have their place in the industry as they mature into momma cows. The cattle on offer are among some of the best in the breed. The offering of cattle is right for the times and are the type the industry is wanting.

On behalf of the team at Transcon and the group of consigners, we invite you to join us in Moose Jaw on Thursday December 11th. Come view the cattle prior to sale day. In the event you are unable to attend the sale but would like to purchase cattle give one of us a call on the Transcon team and we will answer any questions you may have. You can purchase through our highly trusted, confidential and non-biased order buying service.

Welcome to Simmsational 2025 at Johnstone Auction Mart, Moose Jaw, Sask. On Thursday, December 11th, the 48th edition of Simmsational of which we've attended every one of them. The livestock industry is receiving record prices for cows, bulls and calves this fall. With steer calves bringing up to \$4000. Good commercial open replacement heifer calves up to \$4500. What are those top end bred heifer sales going to bring this fall and winter?

We will be offering our usual 10 bred heifers again at Simmsational headed by a beautiful Caliber female that is a full sister to IPU 30-60 47K, a very popular and high selling bull in our 2023 bull sale selling to Crossroad Farms at Shell Lake, Sask, followed by four red bred top quality heifers, all homo polled, two solid reds and two red baldies. The fullblood division is headed by three polled females bred to the outstanding calving ease, high quality progeny, Kuntz North Star bull. His first calf crop is truly outstanding.

Come join us at Johnston Auction Mart on Thursday, December 11th for the 48th Annual Simmsational Sale headed by some great cattle, great people and super hospitality. From all of us at LaBatte Simmentals, we wish you a very Merry Christmas and Happy New Year filled with good health, prosperity, happiness and Simmental Cattle.

Barry

Homo Polled. Hetero Black Purebred.

A true sale feature: a full sister to IPU 30-60 47K, our feature Bull and high seller in our 2023 Bull sales selling to Crossroad Farms for \$65,000. Claimed by many as maybe the best Caliber son to sell that year. Callie 61M herself is a beautiful heifer, so deep ribbed, angular, broody, feminine, just a front pasture cow that could head your donor program. Her mother, a LOTTO daughter just kept raising outstanding calves, ten in a row of high quality bulls and females including 30-06, IPU Resolve-herd bull for Deeg Simmentals, 2 bulls to top commercial operations in South Dakota, heifer to Springcreek Simmentals, Agland Farms and Allbrecht Farms. Just an amazing producing cow. Callie 61M might be her best effort yet and bred to the popular slider son Ultra Tokyo Rose 17M bull as an added bonus.

Bred: April 21 to Ultra Tokyo Rose 17M CSA#1490182 Exposed May 2 to June 2 to Brooking Best Answer 3103 Canan #2309209 Vets opinion safe to A.I.

Lot 2

Homo Polled. Homo Black Purebred.

Another feature Caliber heifer out of an outstanding IPU Bentley 81F daughter. If we were picking our top 5 black cows 89M's mother would be one of them. Ms. Sierra 89M is beautiful made, deep, angular, setting up as a beautiful udder like her mother and is a brood cow in the making. Another that could enter in a donor program. Mated to the \$220,000 Greenwood Revenue 175M bull. As you know we have started a half blood program as our commercial buyers are asking for and we picked this elite heifer as one to build around. 89M is homo polled and homo black and homo good.

Bred: Apr 26 – Greenwood Revenue 175M

Exposed Brooking Best Answer 3103 – Canan #2309209

May 2 to June 2. Vets opinion safe to A.I.

Lot 3

Homo Polled. Homo Black 3/4 Blood.

A soggy Hannibal heifer that follows the pattern of our first two heifers. Deep, broody, angular, just going to make a tremendous cow. And mated to that exciting KT Disco 4065 bull that was the \$80,000 high selling Simmental bull at the KT Bull sale this spring. We're really excited about this bull as we think he's one of the best bulls we've ever purchased. Be on the ground floor of the Disco rave.

Bred: Mar 31 – KT Disco 4065 – CSA #1499135 Exposed
May 2 to June 2 to Kuntz North Star 15L Safe to A.I.

KT Disco 4065 - Service Sire of Lot 3

Homo Polled Red Purebred

An outstanding potent daughter to start off our red section. All summer in the pasture you'd be driving through the heifers and you'd stop and say "who's that heifer" and it would be 209M most of the time. She's cherry red in color, deep, angular, setting a great udder like her mother, just a brood cow in the making. I would wish for a whole herd of bred heifers that just look like her. A homo polled, dark red heifer with loads of potential, the kind that raise herd bulls.

Bred: Apr 17th – WBL Top Tier 456G CSA #1288193.
Exposed to Kuntz North Star 15L May 2 to June 2, safe to A.I.

Homo Polled Red Purebred

These potent daughters are like peas in a pod. Broody, good uddered and produce. 131M's mother is a good ½ fleck red factor cow we purchased from Neal Carson, Northern Light Simmentals as an open heifer. This is her fourth progeny selling out of Johnstone Auction Mart. 131M is homo polled and bred early to the exciting red baldy bull, Eight Ball, a red factor purebred Hannibal bull. The resulting calf would be very saleable.

Bred: March 31st to Weplers Eight Ball 168M CSA #1476150. Exposed to Kuntz North Star 15L May 2 to June 2, safe to A.I.

Weplers Eight Ball 168M - Service Sire of Lot 5 and 6

Homo Polled Red Baldy Purebred

A beautiful easy doing baldy Top Tier daughter that's about as easy fleshing as they come. As I write this footnote we just turned her out on native pasture to try and get her to slim down a little. She's the cowboy kind that can look after herself. As I was saying before, her dam, a Potent daughter they can really produce and here's an example of that with 203M. A super broody heifer with a lot of opportunity!

Bred: Apr 18th to Wepplers Eight Ball 168M – CSA #1476150 Exposed to Kuntz North Star 15L, May 2 to June 2, safe to A.I.

Polled Red Baldy Purebred. Homo Test Pending.

A dark red baldy heifer out of the popular Deeg El Dorado 81K bull who sons crested quite a stir at this spring's bull sales. She's out of a really nice baldy Brooks cow with a beautiful udder. 082M herself is setting up a really great udder, she's smooth made, lots of eye appeal and bred early to the popular Mountain View Bull who makes his progeny dark red and good. I'd be hoping for a baldy bull out of this mating.

Bred: March 31st to WFL Mountain View 4J – CSA #1360297 Exposed Kuntz North Star 15L – May 2 to June 2 – Safe to A.I.

DEEG El Dorado 81K - Sire of Lot 7

Lot 8

Polled/Scurred Fullblood - Diluter Test Pending

An exceptional KSL Kilipso daughter out of a first calving. Black Gold Elevation daughter that is super good. 90M is polled scurred, dark red, huge goggles, setting up a good udder and is attractive and broody. She's been a favorite from day one and bred early to the exciting homo polled Kuntz North Star bull.

Lot 9

Hetero Polled. Diluter Free Fullblood.

A real nice made polled Jessie James daughter out of a polled first calving Philosophy daughter going back to a SBSF Connor cow. We used 3 homo polled KSL bulls on our heifers in the 2023 breeding season and they all calved well and left us with some really good calves, KSL Kalipso was one of the bulls as we purchased him, along with Black Gold Simmentals and Oberle Farms. He has really turned out well. 147M will have a polled calf and possibly homo polled which will make it very saleable.

Bred: March 31st – Kuntz North Star 15L CSA #1457977

Polled Fullblood. Diluter Test Pending

A really good Sunny Valley Canon daughter out of a beautiful French Attack Cow. These French Attack cows are some of the best fullbloods made, just ask Dan Skeels about them. 123M is very smooth made, feminine, good uddered and stylish. She is mated early to Kuntz North Star who we are very excited about. Never used a more consistent bull from calving ease, color, performance and style in our fullblood program. They're like peas in a pod both bulls and heifers. Their worth the trip to come and see. This bull has a great future ahead of him. 123M crossed with North Star should be very exciting and will be guaranteed polled.

Bred: Mar 31st – Kuntz North Star 15L- CSA #1457977 Exposed to same May 2 to June 2. Safe to A.I.

Email: brettkeet@gmail.com

We're happy to be a part of Transcon's 48th Annual Simmsational Sale! This year we are bringing seven 100% Fleckvieh bred heifers. 3 are homozygous polled, 3 are heterozygous polled and 1 is horned. 5 of the seven are bred to Keet's Merino 4M. He's homozygous polled, non diluter, with a 74 lb birth weight and a 280 day gestation.

If you have any questions about our heifers, please give us a call!

Brett, Naomi & Nathan Keet

Lot 11

100% Fleckvieh. Horned

Keet's Lorrae 52L is our lone horned Heifer. She's out of Double Bar D Pol Manchester and Lone Stone Sadie 31G. She has a long deep body and reminds me a lot of her dam, only thicker. She also has a great disposition. Her breeding to the homozygous polled Keet's Dynamic 20D should result in a pretty sweet calf. Her maternal sister sold in last year's sale to Triple D Simmentals of Baldur, Manitoba.

AI'd to Keet's Dynamic 20D March 24.
Exposed to Keet's Merino 4M April 14
to June 6. Ultrasound May 23. Safe to AI date.

100% Fleckvieh. Polled. Diluter Free.

Keet's Lilly 54L is a polled ROD Hight Perfect 60H daughter out of Nathan's cow, Keet's Ginny 38G. Ginny's production record has been really good. Her first calf, Keet's Han Solo 56H, was purchased by Keato Meadow Simmentals to use as their heifer bull. Her second calf was a bred heifer purchased by Aaron Hershmillier from Yorkton, Sask. Her 3rd calf, another heifer, was kept for our herd. Lilly is a good all around heifer that probably should be staying at home too!

Exposed to Keet's Merino 4M March 16 to June 6. Observed bred March 22. Ultrasound May 23. Safe to observed breeding date.

Lot 13

100% Fleckvieh. Polled. Diluter Free.

Keet's Morgan 10M is a polled Anchor D Raptor daughter, out of Keet's Heart 4H. Heart's Evolution heifer was purchased in last year's sale by JNR Farms. Morgan might be the strongest heifer in the pen. I kept going back and forth on whether we should keep her or put her in the sale. Don't overlook this star-headed girl, Raptor has made some good females and she's well on her way to becoming one too!

AI'd to Keet's Dynamic 20D March 23. Exposed to Keet's Merino 4M April 14 to June 6. Ultrasound May 23. Safe to AI date.

Anchor D Raptor 392C - Sire of Lot 13

Lot 14

100% Fleckvieh. Polled/Scurred. Diluter Free.
 Keet's Matilda 15M is a polled daughter of Clearwater HP Knox 61K. Matilda has a little more frame than the rest of the sale heifers and tremendous body depth. A trait she inherited from her maternal grand dam, Keet's Clarise 2C. Matilda's dam, Keet's Keena 15K, has also put this year's calf into our sale bull pen. Should be more good things to come from this young Prostock Hugo cow.

AI'd to Keet's Dynamic 20D March 23. Exposed to Keet's Merino 4M April 12 to June 6. Observed bred April 12. Ultrasound May 23. Safe to observed breeding date.

Lot 15

100% Fleckvieh. Homozygous Polled.

Keet's Moxie 24M is a homozygous polled Clearwater HP Knox 61K daughter, out of Keet's Kleo 32K. Moxie is a dark red, long bodied moderate framed heifer. We were planning on keeping her, but decided to bring her because we have a maternal sister that is among the best in our open heifer pen. Having her first 2 calves of such high quality makes us really excited about Kleo's future.

AI'd to Anchor "T" Metro March 27. Exposed to Keet's Merino 4M April 14 to June 6. Observed bred April 14. Ultrasound May 23. Safe to observed breeding date.

Lot 16

100% Fleckvieh. Homozygous Polled.

Keet's Monica 27M is a homozygous polled Fairview Evolution 318H daughter, out of Keet's Harmony 3H. Monica's maternal sister sold in last year's sale to Pheasantdale Cattle Company in Balcarres, Sask. So far Harmony has calved with shorter gestations and really low birth weights, while still maintaining good growth from her calves.

Exposed to Keet's Merino 4M March 30 to June 6.
Observed bred April 1. Ultrasound May 23. Safe to observed breeding date.

Lionel & Pat Stilborn

On behalf of us here at Pheasantdale Cattle Company we welcome you to Transcon's 48th Annual Simmsational Simmental Sale here in Moose Jaw. We are honoured to consign 7 exceptionally powerful females to the sale this year from the very heart of our replacement pen. Interesting enough the bred heifers represent 4 sire groups here at PCC with 2 females being Pheasantdale Honky Tonk 8K daughters, 2 females are McIntosh Hancock 19J daughters, 2 females are out of SVS Triumph 81J and the full blood female is a KSL PLD Jesse James 49J daughter. The bred heifers were all preg tested early and all 7 are confirmed to all dates listed in the catalog.

Plan to join us Thursday December 11th for 48th edition of Transcon's Annual Simmsational Simmental Sale. From all of us here at Pheasantdale Cattle Company have a very Merry Christmas and Happy New Year.

Pheasantdale Honky Tonk 8K - Sire of Lot 18

Homo Polled.

Pheasantdale Ms Tonky 6M is a female that we really love for her larger frame, uniformity, the femininity from her skull into her neck extension, excellent spine and capacity through her middle. You really have to appreciate the correctness in the udder that she is starting to lay down. We have retained 3 maternal sibs in herd that are all super easy fleshing, with perfect udders and the docility desired for having small children running around them. Ms. Tonky 6M's dam is a no fault female for us and definite put in the work this spring raising one of the first sons of our new \$55,000 herdsire, Black Gold Mountain View 15L in Pheasantdale Paddy Wagon 158N who we will be showing at Canadian Western Agribition.

Exposed March 29-June 3 to Black Gold Mountain View 15L, observed bred April 19. Vet opinion, safe to observation.

Pheasantdale Fancy 107F - Dam of Lot 18

Lot 19

HOMO POLLED.

Ms Tonky 110M is a female that we are real high on here at PCC. She is a female that we would gladly take a whole herd of. Looking at this female she is super attractive in the femininity that she carries throughout her entire skeleton and you can't forget that money stripe that she has on her skull. We love the amount of middle, strength in her spine and not to mention the solid foot she has. You really must appreciate this female when in motion for her structural correctness. Pheasantdale Ms Tonky 110M is her dam's carbon copy, she is a female that is very broody and carries tons of capacity to her middle, great udder that is very well balanced and we have retained 2 maternal siblings in herd, one being in our group of Futurity Champion Cow/Calf Pairs at Yorkton Harvest Showdown. Ms Tonky 110M's full sibling is destined to be a sure fire 2026 Pheasantdale Cattle Company Bull Sale feature lot as a Black Gold Mountain View 15L son. Watch for her at the 2025 Canadian Western Agribition in Regina during November.

Lot 20

HOMO POLLED.

Here is one exciting female for us as a SVS Triumph 81J daughter and we honestly wish we could keep her but sometimes the really good ones need to go and work for others. We love this female for the overall mass, eye appeal, femininity and just outright goodness that she is. Her set of EPD's are astounding being in the top 3% of the breed for maternal calving ease, top 10% of the breed for calving ease and weaning weight and top 15% of the breed for yearling weight. Her dam Pheasantdale Ms Capacity 72J is medium framed red female that is long bodied and extremely easy fleshing with a well balanced udder and one of our favourite Capacity females on the property. Trinity 157M and Ms Tonky 6M are maternally related, sharing the same granddam, Pheasantdale Ms Red 40C (OFL Otis Y43).

AI'd on April 11 to Pheasantdale Honky Tonk 8K, exposed May 1- June 3 to Black Gold Mountain View 15L. Safe to AI.

Pheasantdale Ms Capacity 72J - Dam of Lot 20

Lot 21

HOMO POLLED.

Don't let this females moderate frame fool you, Pheasantdale Pocahontas 215M is the total package. Dark cherry red, as wide as she is long, a ton of mass to her middle and very feminine with a structurally correct skeleton when in motion. Her dam MAF Pocahontas 87C is no stranger to our program as she is one of our leading donor females has been a top producing female for us since purchasing her. Pocahontas 87C is a larger framed red female that is overwhelmingly fleshy and marks a solid 4.5/5 in your calving book for body condition score every year.

AI'd on March 30 to Pheasantdale Honky Tonk 8K, exposed April 30-June 3 to Kuntz Louisville 2L. Safe to AI.

Lot 22

HOMO POLLED. HOMO BLACK.

One of our very favourite black females that we have ever offered for your evaluation is Pheasantdale Hannah 243M. This female is smooth made in her lines, she has a very feminine and refined skull that leads into a great neck and shoulder, robust in her middle with a little white to make her a bit more special. Her dam East Poplar Bentley 946G is a female we purchased from Kyron and Kelsey Manske out of this very sale in 2020 and we sure haven't been disappointed in her production. We have retained 1 daughter and granddaughter in herd and her 2 sons were well received in our annual bull sale.

AI'd on April 12 to Pheasantdale Honky Tonk 8K, exposed May 1-June 3 to Berts Leandro 28L. Safe to AI.

Lot 23

HOMO POLLED. HOMO BLACK.

If you're looking for a solid black version of the previous female look no further than Pheasantdale Hannah 141M is the one for you. She is a female that has a long skeleton with great depth of body and the start to a well balanced udder. Her dam Pheasantdale Otis Black 44E is a female that has been a consistent producer for us by being a female maker with only one set of bull calves in her 7 calf crops. She is a medium framed female with lots of capacity, a long skeleton, very easy fleshing with great spring of rib and phenomenal udder.

Exposed March 30-June 3 to Pheasantdale Sin City 276L. Observed bred April 17, safe to observation.

Kindred Spirit Cattle welcomes you to Simmsational 2025. We love being part of this fantastic event! As always, we would like to thank the buyers and bidders from last year and all who have expressed interest in our program over the years. Thank you to Transcon for all their hard work and professionalism. We are extremely proud of this year's offering. We really feel this is the most uniform group of females we've produced. This pen of heifers has loads of power, extra style and pigment, backed by excellent pedigrees and all in polled packages. We breed 100% Fleckvieh and Fullblood Simmental with an emphasis on performance and polled cattle. This year we have 7 polled females on offer; all from the top of our pen. They all come bred to our polled calving easy bull, Anchor D Fabulous 245H with a chance at some homozygous polled calves.

Don't hesitate to reach out to us prior to sale day to chat or set up a viewing of the heifers. We welcome you to come by the ranch anytime to view the heifers. We are located 1 mile North of the junction between Highway 11 and 54, just Northwest of Lumsden, SK. We look forward to chatting with you.

Kindred Spirit Ezana 1C - Sire of Lot 25

100% Fleckvieh. Homozygous Polled. Dilution Free.

Mandia is a real feature heifer from our pen. She's wide topped, deep bodied, red to the feet with loads of pigment and an attractive blaze face, all in a homopolled package. She has good feet and is setting up a gorgeous udder. She's named after her great-granddam who was a foundation cow going back to our first purchased female, BEL Helga 3E. Her dam is a beautiful, performance driven young cow who nailed it on her first calf here. She gets a lot of her traits from her sire, Ezana, who has sired many top end calves for us. There is no shortage of pedigree here. We could go on and on about her, but she may be the best all around heifer we've ever had on offer.

Bred to Anchor D Fabulous 245H April 3, 2025. Preg checked safe to breed date.

Lot 26

100% Fleckvieh.

Heterozygous Polled. Dilution Free.

Maya is a real pet. She's always looking for attention in the pen and has a very quiet temperament. She's a thick bodied, easy fleshing female who carries it well on her hind quarters. She's smooth polled, and cherry red with lots of pigmentation. She gets many of her traits from her dam who was an outstanding South Seven Mr Adonis daughter that we purchased from Black Gold many years ago. She was an excellent producer and had lots of longevity. Maya is from a flush using KSC Helios and will be the last animal on offer from "Ms Xrsla." Maya has so much upside and we are really excited for her new owners.

Bred to Anchor D Fabulous 245H
April 2, 2025. Preg checked safe to
breed date.

Eldandi 907H - Sire of Lot 27

Lot 27

100% Fleckvieh. Heterozygous Polled.

Mollie is an all around fancy heifer. She has lots of depth of body and is set up for a really nice udder. She goes back to our powerful herd sire "Glasgow" on her dam's side and is sired by Eldandi who has no shortage of performance. We've used Eldandi lots in our AI program over the years since we purchased him and have always been impressed with his calves. Mollie should no doubt be an excellent producer for her new owner.

AI Bred to Anchor D Fabulous 245H April 5, 2025. Preg checked safe to AI.

Lot 28

100% Fleckvieh.

Heterozygous Polled. Dilution Free.

Here's a red blaze faced, smooth polled, moderate framed, easy fleshing KSC Helios daughter with loads of potential. She is setting up a very straight udder just like her dam, Anchor D Franny, who has one of the top udders in the herd. We can't say enough good things about Magic's dam who has raised some top end calves including our high seller at Simmsational in 2023. She's fully pigmented on the front end and carries enough frame to raise great calves.

Bred to Anchor D Fabulous 245H April 4, 2025. In the vet's opinion, bred the next cycle.

Full Fleckvieh. Heterozygous Polled.

Here is a broody, double goggled, cherry red heifer with a nice big frame. She's long bodied with the extra rib, coming from a big powerful dam that we purchased from Westgold. This is another great example of how "Glasgow" sires performance females ready to raise great calves. Another smooth polled heifer, bred to Anchor D Fabulous with a chance at a homo polled calf inside.

AI Bred to Anchor D Fabulous 245H April 1, 2025. Preg checked safe to AI.

Grinalta's HP King 126S - Sire of Lot 30

Lot 30

100% Fleckvieh. Heterozygous Polled.

This is a heifer with loads of potential. Her dam was one of the most productive females we've had in the herd and had excellent longevity; calving into her teens. She raised our proven herd sire, Ezana and this heifer is a full sibling to him. She's smooth polled, with good colour and an excellent frame. Her dam had a near perfect udder and this heifer is setting up to have an excellent one herself. She's bred to Anchor D Fabulous which should be a great pairing.

Bred to Anchor D Fabulous 245H April 21, 2025. Preg checked safe to breed date.

Kindred Spirit Glasgow 8D - Sire of Lots 29 and 31

Lot 31

100% Fleckvieh. Heterozygous Polled.

This is a heifer with a powerful frame. She's another "Glasgow" daughter who always sires performance heifers that are excellent foundation females. She has deep colour, is smooth polled and comes from one of our favourite cows, Anchor D Fiona. Her dam is a perfect uddered, no miss cow who raises excellent calves. We expect Meadow will take after her mother and be a solid producer for her new owner.

Exposed to Anchor D Fabulous April 4, 2025. Preg checked July 10th; 50 days pregnant.

Garth and Audrey Fisk

On behalf of our family here at Silvercreek Simmentals we welcome you to our 7th year consigning to this sale, Transcon's 48th Annual Simmsational Simmental Sale here in Moose Jaw. This year we have a group of 4 powerful half sibling that just keep getting better and better every time we look at them. The females can be viewed at Pheasantdale Cattle Company any time. Pictures and Videos will once again be on DLMS as well as our facebook page.

Please join us on Thursday December 11th at Johnstone Auction Mart at noon for lunch, followed by the sale at 1 p.m. We look forward to discussing the females with you and we wish you a very Merry Christmas and all the best for 2026.

Lot 32

HOMO POLLED

Miss Eagle's Cash 79M is the most exciting female we have ever offered for evaluation here at Silvercreek Simmentals. She is a female that we really have to admire for her larger skeleton all while remaining feminine looking with an astounding amount of mass throughout her body and into her hind third. You really appreciate the udder that this female is starting to set down along with the uniformity in the teat size and placement. Her dam SCSF Red Cash 37A and grand dam LC Black 59T were staple females in our herd and for good reason too as they are both larger framed, easy fleshing females with a ton of spring to their rib and great udders that milk like Holsteins.

AI'd March 26 to Springcreek Maverick 48H, exposed April 9-June 11 to SCSF Red Wrangler 50M. Safe to AI.

Lot 33

HOMO POLLED

Miss Resistol 71M is a moderate framed dark red female that is very easy moving when in motion. Her dam SCSF Hall Pass 22B is a female that has been a consistent producer for our herd and raising top quality replacement females.

AI'd April 21 to Wheatland Affinity 8196F, exposed April 9-June 11 to SCSF Red Wrangler 50M. Safe to AI.

Flying W Miss Molly 23M is a dark red bred heifer whom we chose to bring to Simmsational this year sired by SVS Rancher. Her Dam 72C herself has been a real solid producer for us with her 2021 heifer calf being the Sask Simmental Assoc. Donation heifer at Agribition where she landed at Scott Land and Cattle in Alberta. Molly is very clean fronted, straight in her lines and very correct in her structure as well as a good spring of rib and depth of body. Molly is setting up a real nice udder and is heavy in calf to our black blaze calving ease bull R+ 2227K otherwise known around our place as Favor, who is a son of LCDR FAVOR.

Exposed to R Plus 2227K from March 22nd to June 1.
 Seen bred April 8th.

SVS Rancher 42H - Sire of Lot 36

R Plus 2227K - Service Sire of Lot 36, Sire of Lot 38

Lot 37

Flying W Miss Holiday 22N is a heifer that is very attractive and stylish and when you look at her she has power written all over her. Sired by Captain Scream out of NAC Ava 16G which we had purchased from the Carsons at Northern Light Simmentals. She is a thick made, deep sided heifer that checks quite a few boxes. If your looking for a heifer to hang a halter on this summer and then go out and raise you some big time bulls buy with confidence on this gal.

Flying W Miss Linette 31N is a fancy black blaze faced heifer sired by Favor who we also used on select second calves who did a really good job their first go round. With us already retaining a full sib bred heifer at home to 31N. We are really liking our R+ 2227K calves with our 2026 bull pen featuring just over 10 sons. 31N's dam is sired by KWA Slider 196H and also going back to KCC1 Exclusive 116E on the grand dam side. If your looking for a pedigree with a bit of a twist but still predictable 31Ns your girl.

We run a small farm of 40 PB cows north of Preeceville, SK. I try to use some proven genetics with A.I. to add some diversity to the herd along with purchasing new animals to give bull customers some different genetics as well. This will be the second year in this long running sale and try to bring a good representation of our program. We work full time so cows have to work and be low management. So bad udders and temperaments are not tolerated.

This is the power heifer of the group. Capt. Scream and my "Ace" cows crossed very well. A $\frac{3}{4}$ sister was sold as an open in last years simmsational sale. This big bodied baldy bred early to Slider will be a quick ROI.

Bred March 25 to Slider (safe in vet opinion) Exposed to Twin Springs Top Tier from Apr 20- June 30.

Southam's Genevieve 52G - Dam of Lot 41

Southam's Genevieve 52G grandson
Paternal Brother of Lot 41

This our a heifer from our walking sire from Flying W Stock Farm. A bull from their Venom son from MRL. I appreciated his consistency in his calves male or female. He seems to add a bit extra shape to his calves. On the dams side a female we got from Southam Simmentals. A moderate thick made cow that is darker red and milks well and passes that on to her daughters. This is her 3rd daughter and all very consistent producers. Bred Early to Water Valley may create the out cross you are looking for.

Bred to Water Valley (safe in vets opinon) Exposed to Twin Springs Top Tier Apr 20- June 30

Jeremy, Bryna, Memphis, Kip and Makenna

Welcome to the 48th Annual Simmsational Sale in Moose Jaw!

We are honored to participate and excited to present three exceptional heifers from our elite donor cows, the foundation of our breeding program. These females offer outstanding pedigrees and carefully selected matings to enhance your herd, and deliver lasting value.

Homo Polled. Non-Dilutor ET.

Andrew Noble N Classy 1016N is a heifer that commanded attention all summer and is one we're reluctant to part with. Her impressive frame and eye appeal make her stand out now, while her potential to grow and excel as a bred heifer and mature cow ensures lasting value. With the proven udder quality and maternal pedigree of the Classy cow family, she is poised to be a powerful and consistent producer for years to come. Whether you retain her in your herd or showcase her as a bred heifer, we are excited about her future potential.

Wheatland Dimensional 1147J - Sire of Lot 42

Jetstream Bright N Classy - Dam of Lot 42

Lot 43

Homo Polled. Homo Black ET.

Andrew Mystic N Classy 1003M is a full sibling to the high-selling bull from our first sale last spring. This well-balanced baldie is a moderately framed daughter of Elegant N Classy that features a beautifully balanced udder and a pedigree stacked with maternal strength and proven performance. We are excited about the confirmed AI mating to the exceptional heifer bull KWA Slider 196H. This heifer is poised to follow in the footsteps of her dam and granddam, maturing into a consistent producer for your herd for years to come.

AI to KWA Slider 196H April 9th.

Andrew Moonlight N Classy 1017M is another Elegant N Classy daughter with a pedigree stacked with proven genetics. Following the track record of her dam and granddam's well-balanced udders, she is poised to become a consistent producer of high-quality bulls for years to come. We expect this heifer to excel as she matures into a highly productive cow. AI-bred to the exceptional SRH Hannibal 5H, we are excited about her calf's potential.

AI to SRH Hannibal 5H April 9th.

Welcome to the sale. The two bred heifers in my offering are from two good young cows that have a bright future as do these two breds. Both cow families go back many generations here at the farm. They have stayed because they just flat work. They are hairy, tanky, deep bodied females that will go out and work however you want to breed them.

Heifers are available for viewing any time, for more information call Sandra (306)631-1928

Sandra Jeffery and Shay

Lot 45

Heterozygous Polled.

1M is a broody big bodied hairy tank. Her dam is the same and has an average gestation length of 270 days on her first two calves. Great feet and a near perfect udder complete the package.

AI bred on April 24 to Mader The Rookie exposed to CCCC Russet 65M April 26 to May 6 then East Poplar Betts 439M May 6 to 30. Preg checked safe to April 24 date.

On behalf of our family we would like to welcome everyone to the 48th Annual Simmsational Sale. This will be our fourth year consigning, and we are once again excited to work along such a great group of Simmental breeders.

The two females we have on offer we feel are very exciting! They are a strong example of what we strive for and are confident that these two will go out and work for any operation.

A big thank you to our previous bidders and buyers who have expressed interest in our sale consignments over the years. We appreciate the support and confidence you have shown towards our program! Please do not hesitate to reach out to either Darrel or Jenna with any questions. We look forward to seeing and visiting with everyone in Moose Jaw on December 11th.

Lot 47

HOMO POLLED. DILUTER FREE.

Miss Honey is by far one of the easiest doing females we have raised. She is deep, broody and attractive. When Cody came and selected for last year's sale, she was his pick of the heifer calves. We knew she would have a lot to offer as a bred, so it was an easy decision to consign her to this year's sale. Miss Honey has the performance and capacity to fit into any cow herd and be a producing cow at the top. Don't miss her come sale day!

Bred on April 24th to WCB EASE 6L. No Exposure. Safe to AI.

This Outlook daughter is one that we think is pretty cool. Miss Kristy has the right kind of balance with her power, structure and eye appeal. She is one that is going to develop into having tons of functionality and longevity. She is sound footed and structurally correct. Miss Kristy's calm disposition and easy to handle attitude makes her a great prospect for any junior member. This heifer has a bright future and the opportunities with her are endless!

Here is the last progeny off of our Riddler donor FBL 188D. This dark red Next Century female ticks a lot of boxes. She's deep sided, quiet, dark coloured, feminine and clean fronted and is setting down a picture perfect udder with small teats, just like her dam and paternal granddam. Her flush mate brother is working out in Manitoba as a junior herdsire for the Wochoyshyn's at Minnedosa, Excellent reports of great females and dark colour. We have two feature females of his for next falls event. CSC 6M's picture does not do her justice as to how dark red she is. Her color is similar to her full brother pictured.

6M is A.I. bred on March 31 and is safe to Mader Folsom Prison for a January 10th calf, no exposure.

7M is the product of some major investments into the Crossroad Farms program a few years back. She is a Connected daughter out of the lead off open heifer from their annual spring bull sale, CRF Hot Sauce 193H. Long bodied, wide hiped with a very nice rib shape. This female is going to have an excellent udder and she will definitely raise the right kind for any progressive breeder.

A.I. bred on March 31 and is safe to Mader Folsom Prison for a January 10th calf, no exposure.

Box 760 Weyburn, SK S4H 2K8

Cell: 306-848-0484
Email: threestarsimm@yahoo.ca

Welcome to Simmsational! It's been over 35 year since Three Star has consigned to this sale & we are excited to be back! Our focus is on breeding cattle for structural soundness, longevity & milk production. We heavily emphasize correct foot structure, leg structure & sound function. No foot, no horse applies to cattle as well! We love a baldie (who doesn't - let's be honest!) and both these heifers have plenty in their background.

We look forward to seeing you at the sale!

Dave, Janel, Harlenn, Kyler and Quinn

Lot 53

Black Polled Purebred.

A highly maternal heifer here, coming from a long line of long bodied, big hiped, heavy milking females. Our last years show string all went back to her great, great granddam. With sound & correct foot & leg structure, she has longevity built in. Color & polled testing applied for.

Terms and Conditions

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES – Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE – Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS – There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS – All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN – Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller. disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
